

The Mission and Vision of Gogo Grandmothers

Gogo Grandmothers Mission Statement

Changing lives through God's love and truth.

Gogo Grandmothers Vision Statement

Changing lives in vulnerable communities as we share God's love and truth in words and deeds.

Gogo Grandmothers is a program of **SAFE** (Sub-Saharan Africa Family Enrichment) in Malawi, Africa. Malawi is one of the poorest countries in the world with over 1 million orphans, but it is also known as the "warm heart of Africa". Gogo Grandmothers links people from developed countries with the core ministries of SAFE in Malawi -- Support for the gogos (grandmothers) caring for Malawi's orphans, early childhood development for preschoolers, youth development for village youth and the Why Wait? 8 year life skills curriculum for schools. Gogo Grandmothers provides a connection and relationship between those giving and those receiving.

- **Spiritually**, providing prayer and discipleship tools.
- **Physically**, assisting with food security, seed, fertilizer, clothing, education, and necessities of life.
- **Emotionally**, supporting community-based initiatives, so that the orphans and vulnerable children continue to develop within family and community environments which are culturally appropriate.
